

COMSATS University Islamabad

HEC Digital Library Access at HOME

Step # 1

To start creating VPN connection, Click START → Programs → Accessories → Communications → new connection wizard

Step # 2

New connection wizard opened and Click on NEXT

Step # 3

Select 2nd option “Connect to the network at my workplace” and click NEXT

Step # 4

Select 2nd option “**Virtual Private Network Connection**” and Click **NEXT**

New Connection Wizard

Network Connection
How do you want to connect to the network at your workplace?

Create the following connection:

Dial-up connection
Connect using a modem and a regular phone line or an Integrated Services Digital Network (ISDN) phone line.

Virtual Private Network connection
Connect to the network using a virtual private network (VPN) connection over the Internet.

< Back Next > Cancel

Step # 5

Enter “**HEC Digital Library VPN**” as name of connection. You may enter another name also. Click **Next**

New Connection Wizard

Connection Name
Specify a name for this connection to your workplace.

Type a name for this connection in the following box.

Company Name
HEC Digital Library VPN

For example, you could type the name of your workplace or the name of a server you will connect to.

< Back Next > Cancel

Step # 6

Enter IP address of VPN server and Click **NEXT**

The screenshot shows the 'New Connection Wizard' dialog box. The title bar reads 'New Connection Wizard'. The main heading is 'VPN Server Selection' with a sub-question: 'What is the name or address of the VPN server?'. Below this, there is a text box containing '210.56.13.7'. The text above the text box says: 'Type the host name or Internet Protocol (IP) address of the computer to which you are connecting. Host name or IP address (for example, microsoft.com or 157.54.0.1):'. At the bottom right, there are three buttons: '< Back', 'Next >', and 'Cancel'.

Step # 7

Click to select on “**Add a shortcut to this connection to my desktop**” and Click on **FINISH**

The screenshot shows the 'New Connection Wizard' dialog box at the final step. The title bar reads 'New Connection Wizard'. The main heading is 'Completing the New Connection Wizard'. On the left, there is a blue sidebar with a white icon of a computer and a network cable. The main text says: 'You have successfully completed the steps needed to create the following connection:'. Below this, the connection name is 'HEC Digital Library VPN' with a bullet point: '• Share with all users of this computer'. Further down, it says: 'The connection will be saved in the Network Connections folder.' and a checkbox is checked: 'Add a shortcut to this connection to my desktop'. At the bottom, it says: 'To create the connection and close this wizard, click Finish.' At the bottom right, there are three buttons: '< Back', 'Finish', and 'Cancel'.

VPN connection has been established.

Step # 8

Click on “HEC Digital Library VPN” Icon on desktop.

Step # 9

Enter User Name & Password

Click “Connect”

You have been connected to HEC Digital Library through COMSATS Virtual Private Network (VPN).
