

CS Students participated in Byte and Battle competition

COMSATS University Islamabad, Vehari Campus, actively participated in Byte and Battle, a competition organized by the University of Faisalabad, Sub-Campus Burewala. Our team competed in both the E-Gaming and Speed Programming categories, showcasing exceptional skills. We proudly secured 1st position in the E-Gaming Competition among 15 teams and achieved 4th position in the Speed Programming Competition, which included around 50 individual participants. The event brought together students from four esteemed institutes, fostering a spirit of innovation and excellence. This achievement highlights our students' dedication, technical expertise, and commitment to excellence. Driven by passion, perseverance, and teamwork, we continue to push boundaries and aim for greater success.
